THINKING OUT LOUD

By H. M. L. Jr.

Today I'm THINKING ABOUT GOLD. Or anyhow, I THINK I'm thinking about it. I've just read a very high-falutin' article on the subject by Seth Axley, a San Francisco investment counsel, in the June issue of the Mining World. The article is entitled Clearing Weather for Gold, and its subject matter is WAY UP THERE IN THE STRATOSPHERE of Bretton Woods, international monetary agreements, managed curriencies and deflationary versus inflationary legislation.

HERE IN THE MINING COUNTRY, when we think about gold, we usually wish the government would raise the price so all the mines would open up again and we'd have a boom. Axley in his article, says that would be all wrong, from practically every point of view. He goes on to say that gold producers, as soon as a little more time passes under the bridge, will have the SQUEEZE automatically taken off them.

Starting with the assumption that the mines are not being operated much now because of the high cost of powder, labor, lumber and machinery, the expert goes on to point out how these factors are controlled. Wages, he claims, are not set, as is popularly supposed at the moment, by labor unions, but by demand for labor. He's got a GOOD POINT there, and one that most of are liable to forget.

In other words, wages are at a peak now because of an UNPRECEDENTED DEMAND FOR LABOR. When the national economy approaches normality the demand for labor will theoretically drop off and with it the price of labor. Axley attacks managed economies of all descriptions and points out that the old LAW OF SUPPLY AND DEMAND is still in there pitching all the time and in the long run is going to have more permanent and decisive effects than relatively ephemeral government legislation.

He attacks the larger principles of raising the price of gold, and claims that our country's New Deal price raise in 1933 did untold damage to the money structues of other countries. It OFFERED A HIGHER THAN NORMAL price and thus sucked gold away from nations which needed it to bolster up their economies.

Raising the price of gold was thought up in the depression as a means of RAISING THE PRICE of farm and industrial products, which had sunk so low through lack of demand that decent profits and wages could not be made. It didn't work. According to Axley, it was flying in the face of the law of supply and demand, and it was like trying to raise Great Salt Lake WITH A DIPPER.

He predicts the wildest kind of opposition to any move to raise the price of gold. The almost universal holding of property among our people gives us a strong bias for sound money. The holding of govenment bonds, life insurance policies and savings accounts is more widespread than ever before Holders of securities comprise a CREDITOR CLASS and they are naturally opposed to having the dollars they are owed devalued by raising the gold price.

The SOUNDEST WAY for gold producers to get relief from high costs, says Axley, is to strive to restore a FREE GOLD MARKET. Efforts in this direction are already being made, we happen to know, and the Grass Valley Chamber of Commerce is circulating a petition to the government, seeking the granting of export licenses for gold.

Well, I've given you a resume of what an expert in the field of finance thinks about RAISING THE PRICE OF GOLD. What do I THINK about it? I wish I knew. All I can say is that I warned you at the beginning of the column that we would take a short trip into the GOLDEN STRATOSPHERE.

COME ON IN, SKINNY, THE WATER'S FINE

At last, at 1 p. m. Saturday, the city swimming pool opened with Lifeguard William Pohley on hand to welcome the hilarious throng of youngsters. The small boys aquatic heaven was immediately thronged with the whoopingest, holleringest, running-jumping-pushing-and-diving-est mob of Little America that it has seen for exactly one year.

Oh the NOISE! And the PEOPLE! Pool hours are noon to 7 p. m. Adults are welcome, too.

LOT OF FUN ON FOURTH FOR EVERYBODY

By Mrs. Evelyn Engell

When the idea started about a Fourth of July 49'er celebration in Nevada City—the men started in growing whiskers—and we've been looking right at our next door neighbor and not speaking because he looks different. Very different. And the dust is flying in the attic old trunks are being opened—to see what there is to wear. ""I 'wonder if it will fit?"

And now the Fourth of July is almost here. The committee—the people—the whole community —for miles around have put thought and and work and planning into the geatest FOURTH OF JULY FORTY NINER CELEBRATION Nevada City has ever known.

Just one day isn't enough. The festivities will start the evening of the second. That really is going to be a lot of fun. Everyone is supposed to wear "something old fashioned or cowboy or miner outfits. The ladies are planning what they are going to put in that box—they hope will bring a good price, and their favorite companion. No, not just sandwiches. This box supper is going to have fried chicken, and home made pie or cake—and it will be a real food surprise. The men will bid pay and enjoy it—with the women who created the box and fixed the food— they paid so well for. It will be held in the Grammar School Elementary Auditorium at seven o'clock the second of July. Everybody be there.

Then the evening of the third—the town will be all dressed up—windows gay and interesting and then the music will start and there will be a street dance. Everyone will be in a festive mood and be merry on the eve of the Fourth. for that's going to be a great day in Nevada City.

At 10 a. m. on the Fourth the parade starts. It's going to be a big parade, and from that time on until evening there will be something doing every single minute. Games of skill and foolishness. The judging of the costumes and the whiskerinos. Water sports, and contests of every description. Lots of prizes. At 1:30 the dedication of the Memorial Plaque will take place at Pioneer Park, and the music under the direction of the Grass Valley band. This will be followed by baseball.

Sincere efforts and good hard work has gone into these days of the "forty niner" celebration to make it the most successful holiday time this community has ever known. Everyone, young and old, from here and far away are invited to participate and enjoy this old time holiday.

Everyone will meet everyone at Nevada City at the Fourth of July 49'er celebration beginning the evening of the second and ending the evening of the 4th.

Flying-Singing Commercials

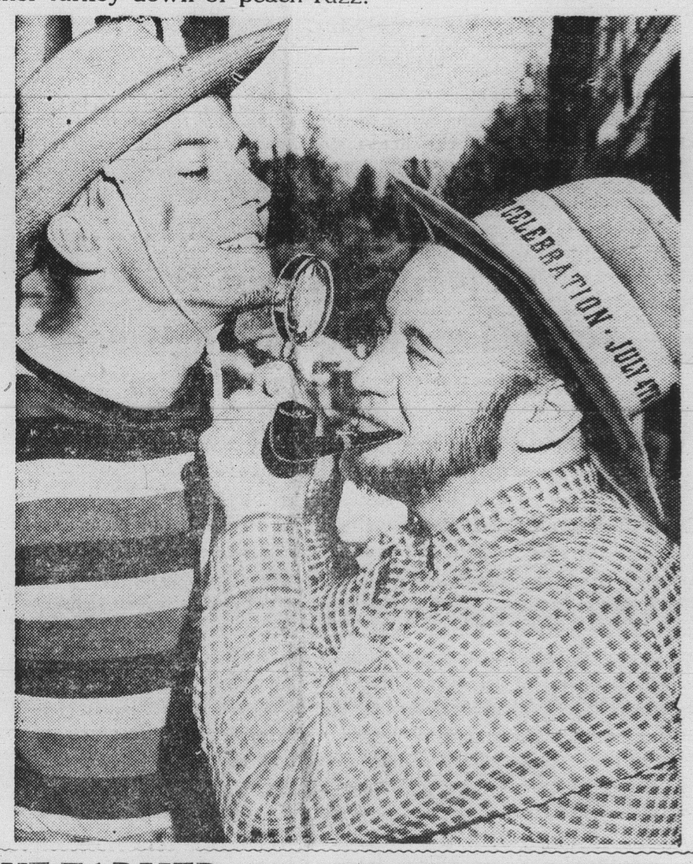
Can't say this community isn't up to date! Townspeople were treated, Saturday and Sunday afternoons, to flying-singing commercials!

A slow, low-flying Cub monoplane lazily circled the city, broadcasting advertisements for a nearby lake resort, interspersed with jazz music. The plane's public address system was a little weak, but sharp-eared listeners were able to get the whole message.

What next?

IS IT PEACH FUZZ?

Ray Spickelmier, Chief Whiskerino, carefully examines Hobart Childers' beard with a reading glass and decides it is either turkey down or peach fuzz. Sacramento Bee Photo



NYE FARMER LANDS A BIG ONE IN BOWMANS

To Nye A. Farmer of 554 Broad Street, goes the honor of successfully landing the biggest trout of this season, a five pound German brown, 22 inches long.

Farmer was fishing from a high bank on Lake Bowman with a fly casting rod and No. 14 hook baited with a single salmon egg. The brown Goliath rose from the lake depths and swallowed the bait and started off. The slim fly rod bent double but curbed his angry lunges.

Calling to a friend further along the shore, Farmer played the fish expertly until his friend could get into a boat and paddle out with a net. Farmer gave the big fellow a little leeway and the net covered his head. He was fat and round and very saucy.

Farmer gave the huge trout to a neighboring family of twelve who dined off it handsomely.

WEATHER BUREAU SEEKS OBSERVER FOR THIS AREA

The U. S. Weather Bureau is seeking a weather observer, who take up the work of Mrs. Jennie Preston of 245 Boulder, who has acted in that capacity for almost hal a century.

The bureau is interested in finding another public spirited citize who will carry of the splendid work of Mrs. Preston, who has resigned the post due to illness.

A letter, written by Floyd E. Hug, acting official in charge of the U. S. Weather Bureau in Sacramento, states there is no pay attached to the daily task and that the only reward is that of being a member of one of the largest groups unpaid public servants in the world, the Weather Bureau Cooperative Observers. Applicants are asked to Hug at the weather bureau indicating their willingness to accept the post.

Gold Trail Riders To Join Fourth Parade

The Gold Trail Riders, a club of men and women who love horses, met yesterday at Bree's Dam on the Dog Bar Road and completed plans for participation in the Nevada City-Grass Valley celebration of the 4th in Nevada City.

Riders brought their own lunches and coffee was supplied by Owen Leary, president, and his committee. Several members brought their swim suits and enjoyed water sports.

FOURTH QUEEN CHOSEN FRIDAY BY WHISKERINOS

The Nevada City and Grass Valley Whiskerinos, at a dinner in the Old Brewery Cafe Friday night, chose Mrs. Edna Walbrecht to be the Whiskerino Queen of the Fourth.

Ladies in waiting chosen were Mrs. Dolores Smith, Mrs. Ainsley Fouyer and Mrs. Irene Jones.

The four were chosen by secret ballot.

Following the election, a 49'er street dance was held at the foot of Broad street. Whiskerinos and Whiskerettes dressed in old-time costumes reminiscent of the last century, danced square dances and round dances with enthusiastic verve to tunes broadcast by a powerful public address system.

WHOLE BUS LOAD OF LAWBREAKERS CROWDS JAIL

A bus load of men charged with petty misdeameanors to felonies arrived at the county jail Wednesday afternoon. There were 13 in the party arrested by Deputy Sheriff Tom Dolley in Truckee and sent to Nevada City in a school bus chartered for the occasion.

In charge of the prisoners the majority of whom were Negroes, was deputy constable Charles Brunk who also doubles as driver of the school bus and Dick Atkins, assistant.

Most of the bus load were workers employed by the Southern Pacific. They had ben arrested by Dolley during the morning. Two charged with burglary Virsal Skellern and George Miller, Negroes. They are accused of having robbed the Fontana Laundry Wednesday of approximately $1000 worth of clothing and miscellaneous articles. Dolley in a report to the sheriff's office here stated that the stolen items had been recovered.

Charged with petty misdemeanors such as drunkenness, were Edward J. Redford, Marion Smiley, Joseph Marin, Joseph T. Garcia, Andrew J. Delgadillo, Jake Hensley, Sever Stromberg, Tony Shaw, Flimsen, Rand, Harold Howard and Volley Bradshaw.

In his telephone report Dolley stated he was still rounding up of fenders yesterday afternoon and asked to send the 13 down to Nevada City to relieve the overload on the Truckee jail.

Si Sofge looked like a real old-timer Thursday when he put on top hat and tails to have his picture taken.

Miners Gain Wage Increase, Empire Star To Close

Mine owners and operators have agreed to the request of the Mine orkers Protective League for an increase of 18 1-2 cents an hour in wages, and Secretary Ed. J. Jones has announced that the pact was ratified at the meeting of the League Thursday night

Although a strike was scheduled to begin Monday at the three mines named with which the league has contracts, no one cognizant of the long history of friendly relations between league and mine owners, really expected it to occur.

The pay boost of 18 1-2 cents, added to the present base pay of $5.76, means base pay raised to $7.25 per eight hours day, plus 50 cents,, retoined in the contract, pay from collar to to the stopes, some times two miles underground makes the day's pay for a 40 hour week $7.74 with time and a half for overtime. The pay increases will affect approximately 400 mine workers.

Coming close on the heels of the mine owner's agreement to advance wages 18 1-2 cents per hour, a letter was received by Ed. J. Jones, secretary of the Mine Workers Protective League from Fred Searls, Jr., president of the Empire Star Mines Company, Ltd., stating that the Empire Star would close with the exception of 35 maintenance men retained in order to keep them in dry and in workable condition.

In effect, the Empire Star will have fewer men employed than was the case when the L-208 gold mine closure was ordered. The letter follows:

Gentlemen: This will acknowledge your letter of June 15th advising this company that the League had rejected our offer of 11 1-2 cents per hour increase in pay and serving notice tha a strike would be called 15 days from date of your letter.

We regretfully accept the decision thus taken and hereby withdraw our offer. There will be no necessity of a strike, as we shall not attempt to operate in view of your decision.

This company has been operating at a heavy los ssince October 1942. The operating loss in 1943 was $262,372, in 1944, $252,748, and in 1945, $332,491.

There is nothing fictitious about these losses incured, in the vain hope that post war condtiions would permit resumption of operation. They have, each year, been duly audited by a well known firm of chartered accountants and reported officially to our share-holders.

The loss in the first half of 1946 has been comparable to that prevailing since 1942. Our offer of an increase in pay in the face of these losses was made with the faint hope that we could keep going until a rise in the price of newly mined gold, or permission to export it, might afford some relief to all of us.

The increase in pay being generally made in the copper, lead and zinc mines of the United States has been made possible only because the government subsidizes the production of these metals. That is to say, it uses money obtained from the taxpayers—including your membership and our shareholders—to pay to producers of these metals, a price over and above the prices paid by consumers. There is no such premium available to gold miners, who are required to sell their production to the government at its price fixed in 1933.

The Idaho Maryland Company has advised us that itis prepared to agree to an increase in wages somewhat beyond the 11 1-2 cents per hour which we have ofered, and you have rejected we have no information as to their operation conditions but assume that they are able to obtain higher grade ore, or better costs, than are available to us.

If you are able to reach a mutually acceptable wage agreement wiht that company we will be willing to sign a contract with you or not to exceed one year on a wage scale you and they agree upon to an increase of 18 1-2 cents per hour, which will cover a limited number of men required to operate our pumps, hoists, etc.

We will stand the loss. This will probably not require more than thirty five men necessary to keep the mines dry to some further period in the hope of either a rise in the price of gold or a drop in the present inflated costs of living and operation. This may preserve an opportunity of future employment of your members.

As above stated, we will make no effort for production after July 1st, and we sincerely hope that your negotiations wtih the Idaho Maryland Company will permit continued operation of one of the mines in the camp and that your members can find satisfactory employment there.

I should like to record my personal regret at the closing of the Empire and North Star mines after ninety five years of operation, and my appreciation of the frank, honest and friendly relationship tha has been maintained between the League and this company for the past 15 years.

Very truly yours,

(Signed) FRED SEARLS, Jr.
President, Empire Star Mines, Co. Ltd.

POLICE SCHOOL 2 WEEK COURSE IS CONCLUDED

The training school for law enforcement sponsored by William French, of the Tahoe National Forest, staff, and conducted by four special agents from the San Francisco office of the Federal Bureau of Investigation, concluded its two-weeks term yesterday.

Studied by the class of 24 peace officers who attended were training in the use of fire arms, occupying the first week, scientific investigation technique and defensive and offnsiv technique in hand to hand encounters, largely covered by the word judo.

The last two days of the school were occupied by solving a hypothetical burglary, arresting suspects, the assembling the evidence, and taking the case into court to a conviction.

An association, as yet unnamed, of law enforcement officers was organized Friday night. William French was elected president, Frank E. Knuckey of the Grass Valley Police Department, vice president;; Henry Strick also of the Grass Valley police, secretary treasury;; Henry Steuber, highway patrolman, range master.

All officers are directors and added to the directorate were Carl Kitts, highway patrolman, and George De Soto, deputy sherif.

Grass Valley Lions Hear Lt. Col. Hansen of Camp Beale

Lt. Col. John Hansen personnel and administrative officer for Camp Beale, addressed a recent meeting of the Lion's Club upon the subject of the permanence of the camp.

Camp Beale, he said, is rated as a permanent military installation and classified 1-A under the recent Sixth rmy reorganization. Present plans call for a total of 22,000 army personnel there. Hansen has been a resident of Grass Valley since April. While overseas he served as Adjutant General with the Cross of Lorraine (79th) Division.

He contradicted rumors that the Camp was scheduled to close July 1. The capacity of this military installation is 33,000 and the army plans to train a full division there. Possbile reductions in the civilian staff at Beale will be scaled in accordance with number of military personnel stationed there.

Bill Tobiassen is to sing at College of the Pacific graduation exercises. Sheriff and Mrs. Carl J. Tobiassen are going to Stockton to see him graduate.

JUST WONDERIN'

I wonder about failure now
Also about success;
But should you ask me which is which,
I straightway would confess,
That I, at times cannot discover
Just which is which and which the other.

At first thought it would seem that discerning the difference between failure and success, would be one of the easiest tasks imaginable; but this not not the case. As it is with the sublime and the riduclous, so it is with failure and success the line between the two is often thinly drawn blurred or obscured, and it is only when we have an accumulation of facts that we are capable of placing the label success or failure upon a man or his achievements.

There was a young man whose feet were firmly planted upon the ladder of success; he had awakened the interest of the president of a lage corporation and given a place of importance in the organization, with green lights shining full upon the way ahead. Promotions came frequently and at length he was intrusted with important and confidential matters connected with the firm which he represented. He undertook the new responsibilities gladly but soon found that they entailed the execution of certain unethical procedudes; the evasion of certain laws, the double crossing of competitors, deceptive methods which to him were abhorred.

He explained his position to his superiors and was told to do his job and keep his mouth shut. He keut his mouth shut but he resigned his job and drifted back into the little puddle from whence he came.

It was a little puddle and in it were all the human toads it could hold—thee was no room for one more, so our her established himself in a modest little business, built a modest little home and married a modest home town girl and settled down to a life some might have deemed mediocre indeed.

"Too bad," said certain of his old acquaintances, "that he couldn't make good, too bad that he muffed his splendid chances fo success." During the years however, he builded fo himself a character of sterling worth dealt fairly with all men won the love and affection of family, friends and acquaintances and gained that most glorious of haloes a spotless reputation. Was that man's life a failure? I scarcely think so.

How can we measure success and failure? Not untill we have learned the true value sof life itself. Not untill we have learned to fully appreciate and honor integrity of purpose to place character above mere worldly achievements. Not untill we are ble to distinguish the true from the false, the spurious from the real.

Uncle Silas says;; "Strange how every bill introduced into congress that has for its purpose the eradication of labor racketeering is regarded by union leaders as anti-union. Strange how President Truman seems to look upon these bills as hot cargo.—A. Merriam Conner.

DEWITT'S STRAY BODY EXPLAINED

The mysterious stray human body discovered by army officers in a recent final inspection of the DeWitt Hospital is now reported to have been merely sections of a human ody obtained from the University of California for dissection and anatomical study.

It had apparently been autopsied for medical research purposes and bore a label, October 15, 1944. The remains have been removed to Camp Beale.

GRASS VALLEY BAND SCHEDULE

The Nevada County Band will give a concert Sunday June 30 in Memorial Park between the hours of 4 and 5 p. m. under its new name of the Grass Valley Concert Band.

The band will give a concert in Colfax on July 3, and will participate in the Nevada City celebration of the Fourth in which Grass Valley this year joins. John Blamey, for many years band director has handed his baton to Harold George.

Hegarty—In Nevada City, June 27, Charles Augustus Hegarty, father of Mrs. Margaret Vandershoot of Napa, a native of Nevada County aged 68 years. Funeral arrangements are pending.

KNOWLAND SEEKS SENATE AID FOR CENTRAL VALLEY

WASHINGTON, July 1—U. S. Senator William F. Knowland of California a sponsor of the original state legislative Central Valley Act, today was marshalling forces to assure house acceptance of the senate passed $25,000,000 for the Central Valley Propect in the 1947 fiscal year.

Knowland has called on Reps. Franck R. Havenner and J. L. Johnson of California to stress the importance of the senate increases in Central Valley funds to the house conferees who now will meet with senate conferees to agree on final items in the whole bill. The reports of the two conference groups will be brought back to their respective houses for approval.

Knowland was one of the leaders in the successful senate floor fight to increase the project funds from $20,836,670 as advocated by the senate appropriations committee, to the full $25,000,000 recommended b the federal budget bureau. As finally passed by the senate the Interior Department appripriation bill contained more than twice the $10,840,120 approved by the house for Central Valley.

When the bill headed back to the house for concurrence, it contained $4,572,000 over senate appropriations committee figures for transmission lines and substations. This sum would provide for lines from Shasta to Dela switchboards via Oroville, the west side lines from Shasta to Delta switchyards, and those from Keswick to Sacramento. It also woul permit construction on the Contra Costa distribution system and for miscelleanous transmission and feeder lines and substations.

We are diligently concentrating.....
on providing service to
waiting applicants as fast as it
is humanly possible to do so

Every effort is being made to improve the quality and efficiency of our service

Directing our efforts as we have to render service as rapidly as possible to all who want it and to make our service even better than it has ever been before, the 2,886,000 telephones in service as of May 31, 1946, include an increase of 254,000 since V-J Day, of which 183,000 were added in the first five months of this year—an unequaled increase in any similar time period in the history of our company.

The telephone increase since V-J Day exceeds by 67,000, or 36 per cent, the 187,000 increase in the year 1943—the largest yearly telephone increase ever recorded by our company. The telephone increase for the first five months of 1946 exceeds by 69,000, or 60 per cent, the 114,000 increase for the entire year 1945.

New applications for service—totaling 340,000 for the first five months of this year—increased 107 per cent over the corresponding period of a year ago. Of the 286,000 prospective subscribers at the first of the year whose applications had been necessarily deferred due to shortage of facilities, we are glad to report that 183,000, or 64 per cent, have been cared for. Due, however, to the time necessarily involved in the installation of complicated switchboards—in many instances new buildings are required to house them—together with the large number of new applications and the continued materials shortages and disturbed conditions throughout the country affecting manufacturers' production, 229,000 applicants are still waiting for service.

We are diligently concentrating, notwithstanding the difficulties in obtaining adequate apparatus and materials, on providing service to waiting applicants as fast as it is humanly possible to do so. Likewise every effort is being made to improve the quality and efficiency of our service.

Construction of additional toll and long distance circuits has gone forward with rapidity and continued improvement is being made in the service even though the volume continues at record high levels—the calls being 20 per cent greater than in the corresponding five-month period of a year ago.

Our company has recently made substantial further postwar increased wage adjustments, aggregating $6,000,000 on an annual basis, as a result of collective bargaining negotiations with the unions. These added wage increases are over and above the postwar adjustment wage increases made in December of last year which aggregated more than $18,000,000 on an annual basis. Thus, this recent wage increase, embodied in a contract to run until March 1, 1947, brings the postwar adjustment wage increases, arising out of collective bargaining, to more than $24,000,000 annually—the increase in our postwar wage rates being 19 per cent. The recent collective bargaining negotiations between our management and the unions extended over a period from April 24 to May 18, 1946, and at no time throughout the negotiations did the unions or the company fail to realize that the public interest came first . . . Net Income has been adversely affected by increased costs of operation, particularly the large added wage expenditures.

NEVADA CITY

SEVENTY-FIVE YEARS AGO
—AND—
FIFTY YEARS AGO

NEVADA CITY 50 YEARS AGO

Members of the Excelsior Whist Club were entertained by Mr. and Mrs. J. M. Hadley at their residence in Main St. First prizes were won by Herbert Fisher and Mrs. Geo. F. Jacobs, and second prizes by George C. Gaylord and Mrs. U. S. Hadley.

Item: The great celebration in Nevada City will commence on the night o July 3rd, at about 9:30 o'clock and will continue with recess until midnight of July 4th. On the 5th (Sunday) the participants and that will be about the whole population, will want to spend the day in bed preparatory to resuming their routine business on Monday morning.

The Royal Whist Club met at the home of F. T. Nilon on upper Broad Street.

NEVADA CITY 75 YEARS AGO

The Teachers Institute met at the high school and was organized by electing T. B. White president, Joseph Leggett of Grass Valley vice-president and Miss Lizzie LaGrange secretary. The following committees were appointed: Resolutions, J. A Carr, B. J. Watson, Emma Palmer and Emma Smith. Texa books: John Wickes, P. McAuslan, Jas. A. Ford, M. Brophy, Florence Edwards, E. Pierson. Introduction: F. Power, A. A. Smith, J. C. Boynton, Mrs. C. R. Waters, Mary Gregory.

Mr. Watson conducted an exercise in arithmetic in which the teachers were very much interested.

Judge Niles received the Republican nomination for judge of the supreme court.

A shooting match was announced to take place at the race track between John Penrose and Richard Jennings for sixty dollars.

On the 30th of June $30,000 in gold bars from the Nevada Mines was deposited in the California Bank, Virginia City.

The North Bloomfield Gravel Mining Co. were taking out $1000 per day in their drift in Shart No. 1 at the Malikoff Mine.

At the regular election of officers of Oustomah Lodge No. 16 of this city the following were elected: Jos. Thomas, N. G., Henry Odgers, V. G., A. H. Parker, secretary, R. W. Tulley, treasurer.

The Lodge of Good Templars of this city boasted 70 members in good standing. The lodge had rented the Masonic Hall, one of the best furnished in the state and planned to hold future meetings there every Friday evening.

KNOW ALL MEN BY THESE PRESENTS:

That I, the undersigned, KENT E. WALKER, do hereby certify that my full name is KENT ELLSWORTH WALKER, and that my place of residence is 710 Zion Street, Nevada City, County of Nevada, State of California.

That I am transacting business in the State of California under the fictitious name and style of NEVADA COUNTY BUS LINE; that I am the sole owner and proprietor of said business; that the principal place of said business is Union Terminal Bank Street, Grass Valley, County of Nevada, State of California.

IN WITNESS WHEREOF, I have hereunto set my hand this 23rd day of May, 1946.

KENT E. WALKER.

FRANCIS X. VIEIRA, Atharn, Chandler & Farmer, Hoffman & Angell, 7th Floor Balboa Building, 593 Market Street, San Francisco, California.

State of California
City and County of San Francisco, ss.

On this 27th day of May, 1946, before me, VIOLET NEUENBURG, a Notary Public in and for the City and County of San Francisco, State of California, personally appeared KENT E. WALKER, known to me to be the person whose name is subscribed to the above instrument, and that he duly acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, the day and year in this certificate first above written.

(Seal)

VIOLET NEUENBURG, Notary Public in and for the City and County of San Francisco, State of California.

My commission expires January 3, 1947.

June 27, July 4, 11, 18, 25

NO. 4594
NOTICE OF HEARING PETITION FOR ORDER AUTHORIZING OPTIONING MINING CLAIMS
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

In the Matter of the Estate of DENNIS E. COUGHLAN, also known as D. E. Coughlan, Deceased.

NOTICE IS HEREBY GIVEN that Dennis Coughlan, Jr., the administrator of the estate of Dennis E. Coughlan, deceased, has filed herein his verified petition praying for an order authorizing and directing him to grant an option for the sale and purchase of certain mining property belonging to the estate hereinafter described; That Friday, the 5th day of July, 1946, at 10 o'clock A. M. of said day in the Court Room of said Court in the City of Nevada, County of Nevada, State of California, has been set for the hearing of said petition and all persons interested are hereby notified to appear at the time and place set for said hearing and show cause if any they have why said order should not be made.

Reference is hereby made to said petition on file for further particulars as to the terms and conditions of the proposed option. Said mining propertry is described as follows, to-wit:

Live Yankee Consolidated Placer Mine, comprising the Live Yankee No. 1 Location, the Live Yankee No. 2 Location, the Live Yankee No. 2 Extension (Yellow Jacket), situated in Sections 28, 29, 32 and 33, Township 19 North, Range 10 East, M. D. B. & M., in Sierra County, California.

Dated: June 22, 1946.

R. N. McCORMACK, Clerk.
By R. E. DEEBLE, Deputy.
June 24, 27, July 1.

August Hoffman Dies Of Fall From Sundeck

August Hoffman, patient at the county hospital for four months, died instantly as a result of a fall or dive from the second story sundeck Friday. Alvin Walthers, superintendent stated that suicide was indicated, though no one saw him fall. He comes to this conclusion because it would be impossible for Hoffman to have fallen off. He would have had to climb the rail that guards the sundeck. Hoffman landed on his head.

Coroner Alvah Hooper states that Hoffman may have leaned too far over the rail and lost his balance. He thought there was a possibility of accident, though circumstances pointed rather to suicide. He fell about 20 feet.

Funeral services will take place in Holmes Funeral Home tomorrow, July 2 at 2 p. m. Interment will be in Pine Grove Cemeter.

Hoffman was born in Nevada City 77 years ago. He was a carpenter. He leaves a brother, Charles Hoffman of Mt. Shasta and a sister, Mrs. Bertha Jewell of Nevada City.

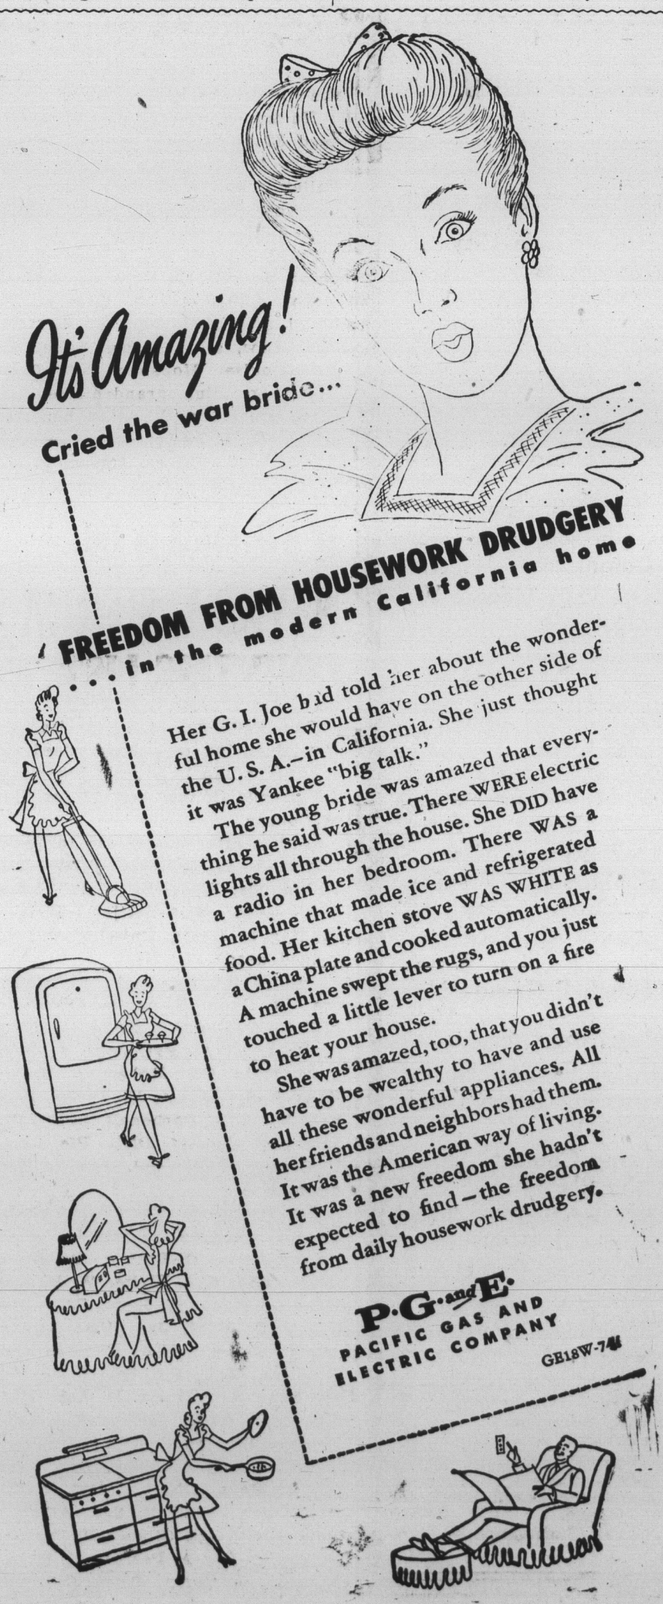
Outstanding Ring Events For Fourth

Two outstanding boxing bouts have been scheduled at 4:30 p. m. on the Fourth of July. The first is between Howard Briggs and Raymond Ellery. The second is between Elton Tobiassen and Bret Bennallack.

Briggs is a former boxer of the California Aggies. He fought during his service in the Coast Guard winning all his matches. In two years of intercollegiate sparring, he lost but two fights. His opponent, Ellery engaged in approximately 22 bouts during his service with the paratroopers. Both men weigh around 184 pounds.

In the second bout, Tobiassen will weight 150 and is former intercollegiate champion in 1941, and Pacific Coast intercollegiate champion in 1940 and 1941. Bret Bennallack, former high school boxer won all his fights while serving in the Coast Guard.

A large herd of wild burros lives on the marsh near the Eagle Borax Works in Death Valley national



It's Amazing!
Cried the war bride...
FREEDOM FROM HOUSEWORK DRUDGERY
...in the modern California home
Her G.I. Joe had told her about the wonderful home she would have on the other side of the U.S.A.—in California. She just thought it was Yankee "big talk."
The young bride was amazed that everything he said was true. There WERE electric lights all through the house. She DID have a radio in her bedroom. There WAS a machine that made ice and refrigerated food. Her kitchen stove WAS WHITE as a China plate and cooked automatically. A machine swept the rugs, and you just touched a little lever to turn on a fire to heat your house.
She was amazed, too, that you didn't have to be wealthy to have and use all these wonderful appliances. All her friends and neighbors had them. It was the American way of living. It was a new freedom she hadn't expected to find—the freedom from daily housework drudgery.

Survey Shows G. V. Post Office Serves 14,405

Recent routine postal inspection revealed that Grass Valley's post office is serving a total of 1405 patrons. Of this figure 6514 is represented as "in-city" population, 1415 as on the "fringe", and 2025 in near by "out-lying" area.

Despite the housing shortage a total of 39 vacant houses and apartments was revealed.

Death Calls Charles A. Hegarty Wednesday Morning

Funeral arrangements are pending in Holmes Funeral Home for Charles Augustus Hegarty who died Wednesday morning in a local hospital.

Hegarty was born at Moores Flat, 68 years ago. He was educated in the local schools and followed mining for most of his active years.

Surviving is a daughter, Mrs. Margaret Vandershoot of Napa County.

Art Elliott, who recently returned from South Africa with his wife and daughter, Eileen, plans to continue work for the Newmont Mining Corporation at a copper mine in Arizona. At present he is staying with his aunt Mrs. C. S. Wiley on Willow Valley Road.

ENOUGH STEEL FOR AUTOS PREDICTED

With steel production nearing war time peaks, automobile makers and other users will be able to get enough steel for anticipated needs if the industry is able to continue full scale operations without interruption in the coming months, Walter S. Taylor, president of American Iron and Steel Institute, said in a statement released today.

Present capacity of the industry of approximately 90,000,000 tons of ingots annually is nearly 50 per cent greater than the maximum production attained before the war, Tower pointed out.

"A responsible executive in the automobile industry has stated that the output of passenger cars in 1946 will appropriate 2,000,000 units, and a peak of 5,000,000 passenger cars and 1,500,000 trucks in 1948"

"The amount of steel needed to produce this total of 6,500,000 passenger cars and trucks would be 11,500,000 tons or 18 per cent of the present annual capacity of finished steel.

"That would represent a smaller proportion of present greatly expanded capacity than in the pre war period. In 1937, for instance, the automotive industry received 20 per cent of steel shipments.

"Therefore, as soon as the effect of normal production can make itself felt, the amount of steel required for the automotive industry's anticipated output can be proved and still leave for other classes of consumers a greater tonnage of steel and a larger share of the total shipments than before the war.

"Sheet and strip steel will continue to be the chief steel products required by automobile and truck producers, other products being bars, forging billetts, plates, wire and wire products."

The seabird rookeries of the Farallon Islands were an important source of eggs for San Francisco during and after the gold rush.

General Grant National Park contains four square miles and is the third smallest national park in the United States.

The Kaibab limestone is so named because it is well exposed and was first studied by geologists on the Kaibab plateau.

There are six geyser basins in Yellowstone national park—the Norris, Lower, Midway, Upper, Heart Lake and Shoshone.

When the French capital was threatened by the German army during the Franco-Prussian war, Premier Bambetta was forced to move government papers from Paris by balloon.

A new plastic fishing rod claimed to be more flexible, strong and longer lasting than any other rod is being made of a war time plastic conolon, by a San Diego manufacturer.

NO. 4574
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA

In the Matter of the Estate of JULIA ALLEN, Deceased.

NOTICE OF SALE OF REAL AND PERSONAL PROPERTY

NOTICE IS HEREBY GIVEN that the undersigned administratrix of the estate of JULIA ALLEN, deceased, will sell at private sale, to the highest bidder for cash and subject to confirmation by said Superior Court, on Monday the 1st day of July, 1946, at the hour of two o'clock P. M., or after said day, at the law offices of H. Ward Sheldon and W. E. Wright, Union Building, Nevada City, California, all the right, title, interest and estate of the said JULIA ALLEN, deceased, at the time of her death, and all the right, title, and interest that the said estate has by operation of law or otherwise acquired other than or in addition to that of the said JULIA ALLEN, deceased, at the time of her death, in and to that certain real and personal property, situate in the City of Nevada, County of Nevada, State of California, and hereinafter particularly described:

REAL PROPERTY

All that certain lot, piece or parcel of land situate, lying and being in the County of Nevada, State of California, and bounded and particularly described as follows, to-wit:

Being on the S. side of the road leading from Nevada City to Red Dog said parcel of land bounded on the N. by the said road; E. by the premises of Henry Jacobs; S. by the center of a ravine; and W. by the premises of Charles Marsh and Joseph Marshal. Said premises being formerly known as the Bowman Homestead and lying near the E. boundary of the Nevada City Townsite, and being the same premises conveyed by L. L. Bowman and Lenora C. Bowman to Mrs. Clara McAllister by Deed dated Sept. 21, 1897, and recorded Sept. 21, 1897, in Book 89 of Deeds at Page 479, Records of Nevada County, California.

PERSONAL PROPERTY

Miscellaneous household furniture, fixtures and furnishings located within the residence upon the above described realty.

Bids or offers are invited separately or as a whole for said real and personal property, and must be in writing, and will be received at the said law offices of H. Ward Sheldon and W. E. Wright, Union Building, Nevada City, California, Attorney for Administratiix, or may be filed with the Clerk of the said Superior Court, of the State of California, in and for the County of Nevada, or delivered to the said administratrix personally, at any time after the first publication of this notice and before the making of said sale.

TERMS AND CONDITIONS OF SALE: Cash in lawful money of the United States of America to be paid on confirmation of sale by the said Superior Court; 10 per cent of purchase price to be deposited with bid.

Dated: June 13th, 1946.

AMELIA E. WOOD,
Administratrix of the Estate of JULIA ALLEN, Deceased.

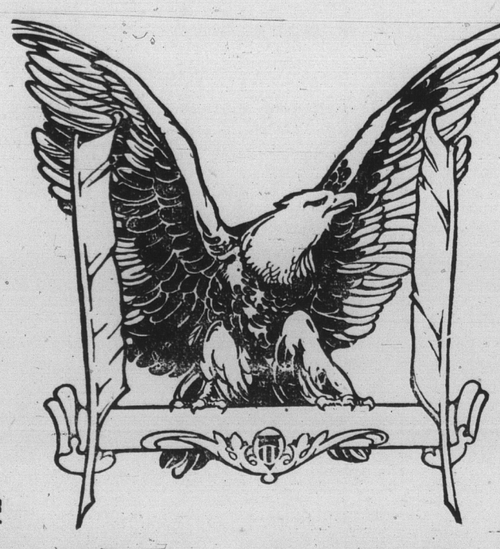
GOOD CHEER FOR CHILDREN

A holaday is a great day in anyone's life—but especially for you kids. Alright—you aren't a kid anymore—age, really doesn't matter on a holiday. You know that. Take a look at Grandpa. Yesterday he was on these days. Get the folks to go—

On the second of July—Oh first, for goodness sake, do as you are told, so that from the second to the Fourth you can have a lot of fun—and you wont have to do something else, or stay home, or cut the lawn, mighty miserable with his aches and pains. But he certainly forgets fast when he sees a bunch around one of those games, he used to play. "By golly, I'll show 'em how to play that" says Grandpa—and he does—and he's young again.

but you be sure to be there—at the grammar school auditorium for the box supper. Wear some kind of an old fashioned outfit—or cowboy out fit—and have fun there. Then bring all the laughter and sparkle and the whole gang and watch the fun on the street the night of the Third. And get in the parade with your horse—or a donkey—or you own idea on the Fourth—and win prizes at all the games and sports that take place after the parade.

This is a special invitation for you—'cause without the kids, there just wouldn't be any fun on any holiday.



WELCOME STRANGER

FRIEND or STRANGER

YOU'RE AS WELCOME TO

MWPL PRAISES COMMITTEE ON NEGOTIATIONS

RESOLUTION

WHEREAS, the negotiating committee, elected by this organization has successfully negotiated new contracts with the various mining operators in this County, wherein and whereby all the demands of this League, including a wage increase of 18 1-2 cents an hour have been granted, and

WHEREAS, the work of this committee and our attorney has restored industrial peace between the mine operators and our League, and

WHEREAS, the valuable work of tris committee will in turn result in business stabilization and business prosperity for the whole County of Nevada, and more particularly for the Grass Valley mining district.

NOW, THEREFORE, be it resolved that this League, in recognition of the tact, diplomacy and judgment of the said committee and of our attorney, now formally expresses its grateful appreciation by the members and former members of said comittee and to our attorney, namely:

Members of Committee—Ed J. Jones, Chairman, Russell Miller, John Fessmire, Walter Fletcher, Geo. Baldwin, Wm. Penaluna, Jas. L. Moore.

Attorney for League James Snell for their work and labor in securing industrial peace and business prosperity in the County of Nevada, State of California.

Be it further resolved that a copy of this resolution be spread upon the minutes of this organization and that copies hereof be sent to the Grass Valley Union, Nevada City Nugget, Sierra Sun and Sacramento Bee.
(Adopted June 27th, 1946)

James Thomas Of Grass Valley Succumbs

Funeral services will take place tomorrow in the Hooper and Weaver Mortuary in Grass Valley at 10:30 a. m. for James M. Thomas who passed away early this morning in the county hospital.

He was a native of Wisconsin, aged 87 years, had resided in California for 25 years and in Grass Valley in the Watt Park section for one year. He had followed farming during his active years.

Surviving are the following children: Mrs. Myrtle Jefferies of Washington State, Albert, Charles, Edmund and Earl Thomas, and Mrs. Enos Law, all of Grass Valley and Mrs. Louise Housman of Chico. There are nine grandchildren and three great grandchildren bereaved.

Rev. O. A. Patterson will conduct the funeral services. Interment will be in the Greenwood Cemetery.
